

ANNE TIGNOR

President, Treasurer & Project Manager

EDUCATION

BS Civil Engineering – Virginia Tech
Land Surveying Specialization Certificate

REGISTRATIONS

PE Virginia #023844
PE North Carolina #033642

ABOUT

With over 30 years of experience in multi phased residential development, Anne is known for finding creative solutions to difficult situations. She enjoys taking a project from conceptual layouts through design, approval, construction and ultimately the enjoyment of the residents.

With projects spread from Bacova to Wyndham to Kings Dominion and into Charter Colony – if you are from Central Virginia – you have most likely taken a drive over one of Anne’s many designed roads or rode past a planned community.

When Anne isn’t overseeing the company’s business matters, teaching Engineers in Training or in a county meeting – you will find her relaxing on a beach with a mystery book in hand or you may find her putting together a jigsaw puzzle while watching some College Football! GO HOKIES!!!
